

CHUTNEYS

WORLDFOODS has created a special range of Indian chutneys with our favourite combination of flavours. WORLDFOODS uses fresh ingredients such as pineapple, mint, tomatoes, coriander, chillies, garlic, onions and ginger, cooking them together with spices like cumin, cardamom and coriander to create a heavenly concoction of tastes. We loved the taste of these chutneys so much that we began eating them with everything.

Product Benefits

- Convenient and easy to use.
- **100% natural** made using authentic herbs and spices.
- Do not contain artificial preservatives, colouring, flavouring, MSG, gluten or genetically modified ingredients.
- Suitable for vegetarians, vegans and coeliacs.

Product Usage

Normally eaten with curries to add flavour or accent a meal. Also tastes great with cold meats, sandwiches, salads, pate, cheese and crackers, as a dip with tortilla chips or as a marinade or glaze for meats.
